- **August** Get one last trip to the lake before school starts. Keep and eye out for Back to school deals.
- **September** Labor Day, 9/7 the big summer finale. Local Festival Hooting & Hollarin 9/17 - 9/19
- **October** Enjoy the seasonal changes & fabulous colors, warm days and cool nights.
- **November** Spend Thanksgiving, 11/26 at the lake. Barbeque your turkey Enjoy a campfire.
- **December** Seasons greetings from all of us at Cedar Creek Cove Resort.

HAPPY 2020!

2019 at a Glance:

We started the season off with a Spring Bass Tournament complete with breakfast and steak dinner. We had 5 boats entered and despite the weather, everyone caught a load of fish. 16 pounds of fish won the tournament. The lake levels were high through out the spring and summer this season. The high water doesn't cause majors problems for us, other than moving the dock everyday. Less of a walk! This fall, we had two dead trees cut down near the dock. No more maneuvering around trees when the water comes up.

The new game room was a hit or as Ron likes to call it "the Family Entertainment Center". We added a TV with DirecTV and air conditioning. It's very cozy and perfect for reunions and parties.

The laundry facilities were completed in time for the season. It came in handy for those wet beach towels and dirty kid's clothes.

FAMILY NEWS

Ron & I traveled to South Carolina for our granddaughter, Haley's 8th grade graduation in May. She continues to make us all proud. Kim, Matt and Grace joined us. Ed & Jess' new home is beautiful. Charleston is a beautiful city. We visited the open market, the beach, and had great seafood. Haley & Emily are growing up fast and are sweet and beautiful young ladies. Jess is so great and fun to be with and Ed is an amazing cook! The whole family was here in July. The cove was full of floating islands, a trampoline, and a lily pad. Everyone had a wonderful time relaxing, listening to Cubs game, good food and too much beer! Having all of the kids and grandkids together is so much fun.

Great Grandma Misk turned 100 years old in September. We had a great party with several of her grandchildren, great grandchildren, nieces and nephews in attendance. Grandma can still party!!

We visited Kim, Matt & Grace in Florida over Thanksgiving. It was wonderful in the 85 degree weather. Dinner was served outside and was delicious. We saw a

pinball machine museum, Gulf Stream Race Track, drove to Cheeca Lodge in the Keyes and went on a glass bottom boat ride to a coral reef. Our house was in an uproar with some remodeling in December. New flooring, lights fixtures and a paint job. It all came together the week before Christmas and everything looks beautiful.

Our daughter, Jill had surgery on her foot in December and is rolling around on a scooter (her new nick name). It will be at least 8 weeks before she is back on her feet again. Emmett is pulling double duty. Christmas was low key this year. Emmett, Jill, Jenna and Jax were with us. Jenna started pre-school this year and loves it. Jax is getting bigger everyday. He is a typical boy, loves trucks and tractors complete with sound effects.

We are going on 33 years here at Cedar Creek Cove. Many happy memories and some crazy ones. We just want to thank everyone for making some of the best times possible for us.

Ron & Gail
