### Why use Device ID GeoFencing?

Our unique Device ID technology goes beyond simple geo-fencing to target unique devices and measure results with real attribution and ROI. In contrast to other providers, who use radius or assumptive data and

available with Device ID. Devices that were in your target audience used during the campaign and that were also seen in the point of interest are represented in this report, and counted as visitors attributed to the campaign. Talk about incredible ROI!

Pinpointed targeting - our technology ensures you are reaching relevant devices whether you use location, ZIP Code or other targeting methods.

Audience Insight Reports can be provided that show the demographics for the locations that were looked back on.

Foot Traffic Attribution Reports can be provided to show the devices that were in your target audience that were also
