

Your Home Comfort Specialist... *Delivering Quality Service at Affordable prices!*

who we are.....

We are a locally owned family business with 60 years of combined experience in the HVAC industry. We are licensed, bonded and insured comfort specialists with experience in servicing **residential**, **new construction** and **commercial** customers throughout the area.

preventative maintenance.....

Our preventative maintenance plan is a total home comfort plan based on you and your equipment needs. It includes two complete inspections; our spring air conditioner tune-up and our fall furnace tune-up, each year for one low price. As a preventative maintenance plan member you always receive preferential treatment, 20% off parts and supplies and you will never be charged a premium rate for any after hours calls. You can be guaranteed that you will always receive the best service from our trusted and fully trained professional technicians. Be assured that during our inspection of your HVAC system, if we detect the need for any repairs, we will give you a thorough explanation and provide you with a free estimate and options for repair -vs- replacement.

We stand behind our work . . . for a lifetime!

Benefits of becoming a Preventative Maintenance Plan Member:

Longer Equipment Life - *if you are good to your HVAC system, it will be good back to you.*

Lower Repair Costs - *often helps to spot problems before they become major issues or cause damage.*

Reduce Utility Costs - *makes your equipment work efficiently, tending to not run as long or as hard.*

Better Comfort - *regular maintenance helps your system produce and distribute the warm or cool air more evenly and steadily.*

Warranties - *often homeowners are unaware that manufacturer's warranties require regular professional maintenance to be valid.*
