TAYLOR
BLINDS & SHUTTERS Est.1959

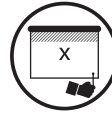

HOW TO OPERATE YOUR

ROLLER BLINDS: LIGHT FILTERING, SCREENS, DIM OUT & BLOCK OUT

SIDE CONTROL

Try to pull blind down with the cord being as straight as possible

Never pull the blind down to its maximum length.

SPRING OPERATED

A little tug on the cord should get the tumblers to release, letting you guide the blind up or down to the desired position.

HOW TO CLEAN YOUR

ROLLER BLINDS

Regular vacuuming of your blinds, will take off a lot of strain from the extensive cleanup and keep your blinds from going dark, literally.

WHAT YOU'LL NEED:

- Vacuum cleaner
- Water
- Dish washing liquid
- Sponge pad
- Lint-free cloth
- Gloves

STEP 1: Vacuum off any loose dust, to avoid soaking the dirt into the fabric while cleaning.

STEP 2: Mix your solution: 1 tablespoon of dish washing liquid to 4 cups of water and mix well.

STEP 3: Don't forget your gloves. Dip your sponge into the solution, squeeze any excess liquid out and give the blinds a gentle scrub. Resist harsh scrubbing. Follow the grain of the fabric. Don't worry if the fabric becomes a bit sudsy. When you're satisfied with the results of the cleaning, wipe the soap off with a damp cloth. Dip the lint-free cloth in clean water (squeeze it to remove dripping water) and wipe off any extra soap on the blinds. Finally, let the blinds air dry.

Style. Sophistication. Serenity. Not bad for a 60-year old.

With over 60 years' experience, Taylor Blinds & Shutters has the perfect, made-to-measure Blind, Shutter and Screen solution for your window or door covering needs. Whether it's for your home or office space, discover our savvy, sophisticated and innovative solutions no matter your style or need.
