# Adopt-A-Student Program

## About the Program

The Adopt-A-Student program is designed to bridge the gap for students in need of academic support. By connecting compassionate donors with local students, we aim to provide access to quality tutoring and mentorship, ensuring every student has the tools to succeed.

## How It Works

### 1. Collaboration with Local Schools

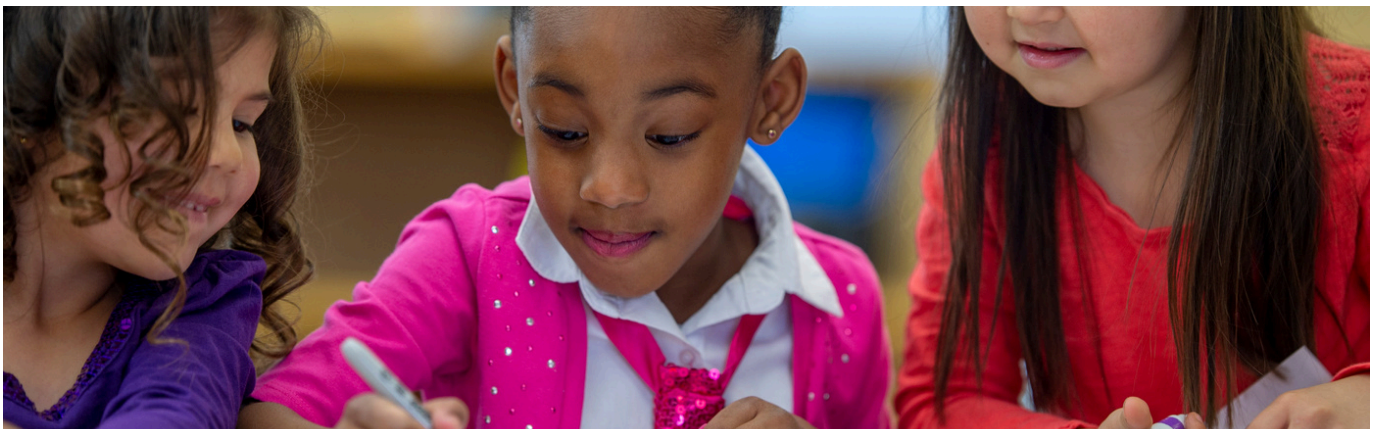

- We partner with local schools to identify students who would benefit most from additional academic support.
- Each student's needs are assessed to create a customized support plan.

### 2. Matching Donors with Students

- Donors are matched with students based on their chosen sponsorship level.
- Donors receive a welcome email that includes the student's academic goals, a personalized thank-you note, and updates on the student's progress.

### 3. Program Delivery

- Students receive tailored academic sessions and resources through Kumon of Madison.
- Regular progress reports are shared with donors, showcasing the impact of their support
