

This Old Train by Rob Fillo Official Lyrics:

One way train, going down the track
One way ticket, ain't coming back
Train keeps moving, like a mountain song
Won't you join me and sing along

Oh my love remember me
Be my sweetest destiny
Hold me close in your mind
This old train ain't far behind no
This old train ain't far behind

Just got one life to live
Just got one heart to give
All this pain, don't pay no mind
This old train ain't far behind

Oh my love remember me
Be my sweetest destiny
Hold me close in your mind
This old train ain't far behind
This old train ain't far behind

You broke my heart, laid to dust
But I ain't metal, I won't rust
Gonna heal up in my time
This old train ain't far behind

Oh my love remember me

Be my sweetest destiny

Hold me close in your mind

This old train ain't far behind no

This old train ain't far behind

This old train ain't far behind
