

# Building a Future

## About Mikey's Place...

Celebrating our 19<sup>th</sup> year, Mikey's Place was founded by the mother of a child with a disability and was granted federal 501(c)(3) charitable status with a mission to inform, connect, and support families of children with disabilities of all types. An average of 500 families in the Greater Houston area receive benefits annually from the programs discussed below.

## Inform...

Mikey's Place publishes **Mikey's Guide**, a proprietary comprehensive resource book containing detailed information about everything from specialized summer camps to adapted sports programs, schools and educational information and how to access governmental benefits and medical resources.

## Connect...

Our **Annual Special Needs Summer Camp & Resource Fair** is a free community event connecting approximately 200 families directly to service providers and programs from which their children may benefit. Parents and caregivers leave this event feeling empowered and hope-filled.

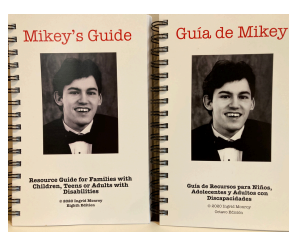

## Support...

The **Summer Campership Program** offers scholarships to assist families with the cost of sending their child to a specialized summer camp or other enriching summer program.

**Together at Mikey's Place** offers young adults with disabilities ("Artisans") daily vocational training, meaningful work, and socialization opportunities in a highly supportive environment. Artisans are trained to handcraft high quality products, participate in local artisan markets, and engage in social/recreational activities all while earning a fair wage.

# Working Together to Build A Future...

Mikey's Place is growing and needs your support! Requests for each of our programs and services continue to increase. Let's work together so that we may send more kids to camp than ever before; expand our outreach to families by providing valuable information through **Mikey's Guide**; and offer meaningful work to more underserved and unemployed young adults with disabilities.
