TRITON 3300/3

MKII

THE NEW BENCHMARK

The 3300/3's versatility has made it the most popular sub in the range. Equally suited for Scientific and Personal expeditions, the 3300/3 offers reliable performance in a safe and comfortable environment.

OVERVIEW

The Triton 3300/3 is our most popular submersible and can take a pilot and two passengers to depths of 1,000 meters (3,300 feet) in perfect comfort and safety. It was a Triton 3300/3 that allowed man's first ever encounter with the giant squid underwater.

The Triton 3300/3 offers an unprecedented opportunity to show friends and family the ocean world. Dive on wrecks, both ancient and contemporary, explore the myriad denizens of the Stygian deep or laugh in wonder at the brilliant fish that inhabit the coral reef.

A magic world awaits you.

TECHNICAL

The table below shows the general specifications for the Triton 3300/3. Additional items can be ordered as options. Details are provided on the Equipment page.

[Optional Equipment](#)

GENERAL

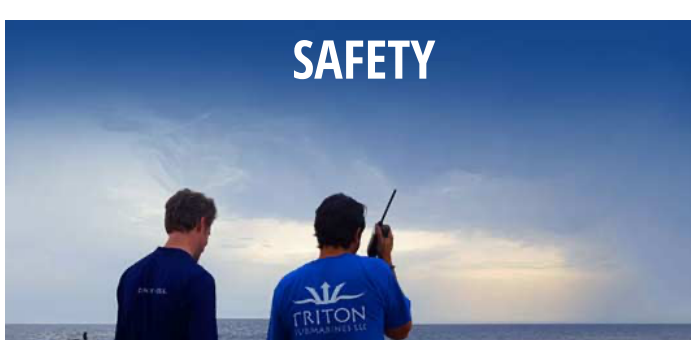

Depth	3,280ft / 1,000m
Payload	1760lb / 800kg
Crew	Pilot + 2 Pax
Speed	3kts
Endurance	12 hours
Main Ballast	8,030lb / 3650kg
Variable Ballast	396lb / 180kg

SIZE & WEIGHT

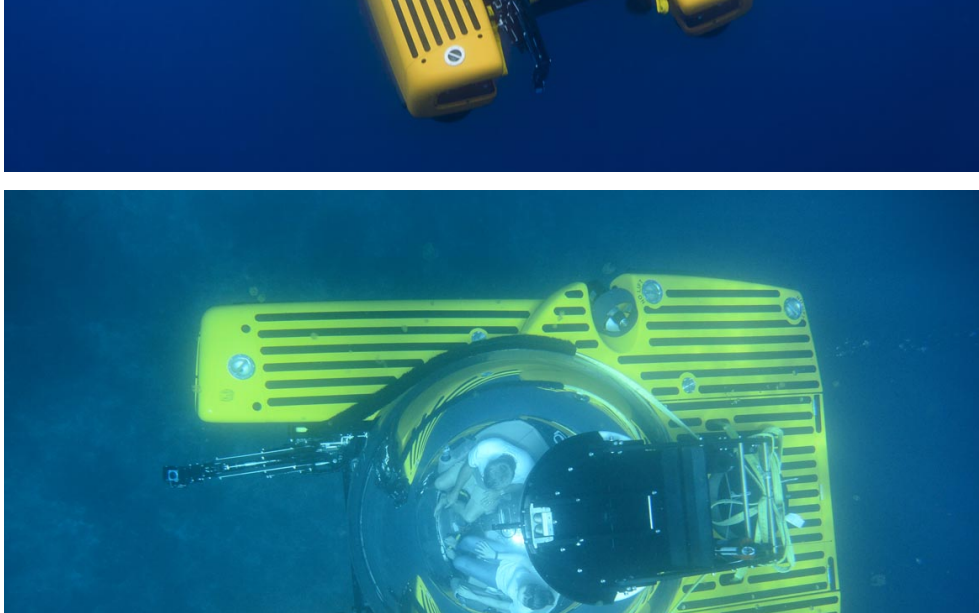

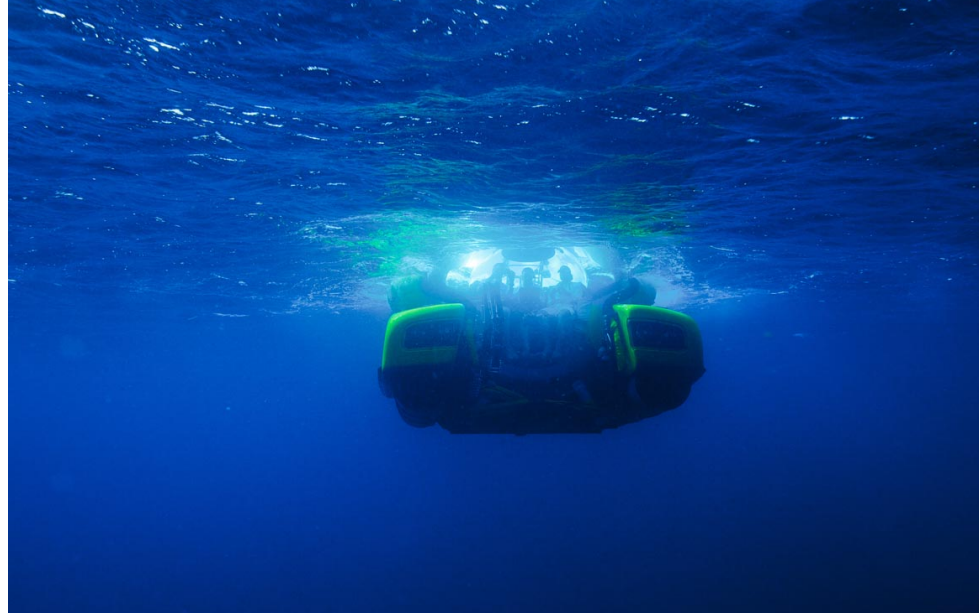

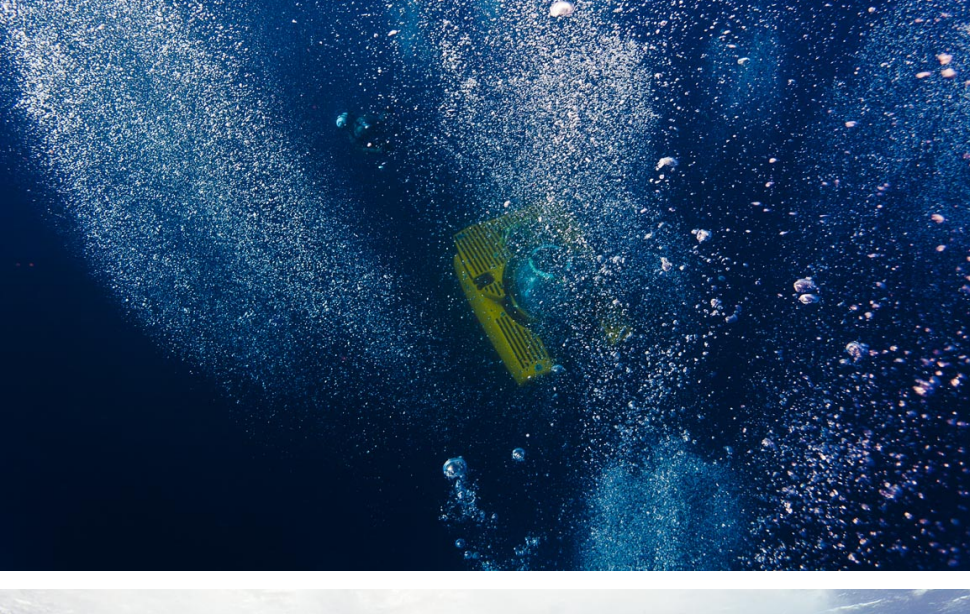

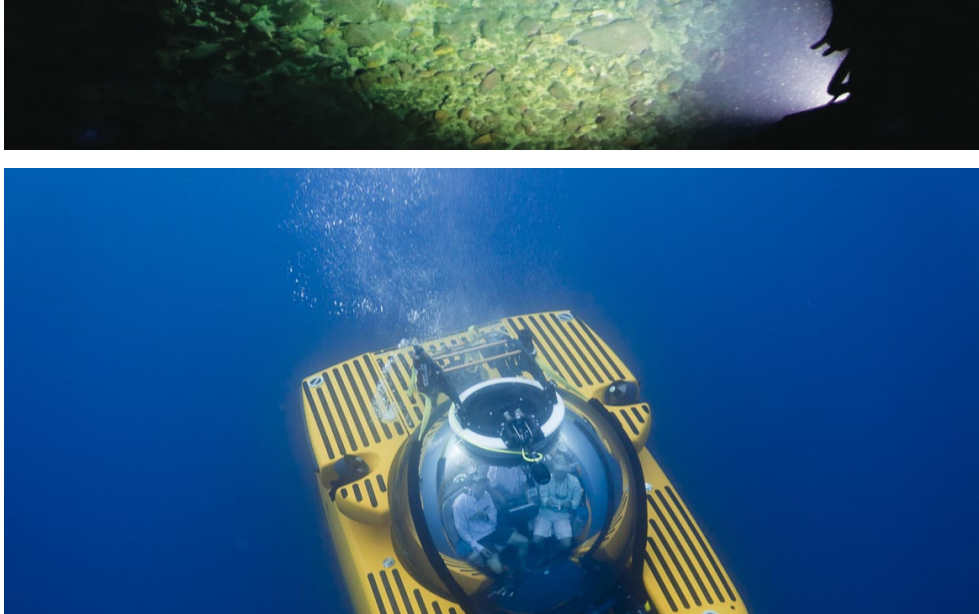

Length	13.1ft / 4m
Width	9.8ft / 3m
Height	8.5ft / 2.6m
Weight	17,640lbs / 8,000kg
Pressure Hull Inner ø	69.5 in / 1,766mm
Pressure Hull Thickness	6.6in / 167mm
Hatch Inner ø	21.7in / 550mm

SYSTEMS

24v Supply	Dual supply + Emergency
Main Battery	30 kWh
Main Thrusters	2x5 hp / 2x3.7 kW
Vertran Thrusters	2x5 hp / 2x3.7 kW
Control	Joystick, Touchscreen & Manual Override
External Lights	6+ x 20,000 lumen LED
Life Support	Oxygen + CO ₂ Scrubber
