

## INDIVIDUAL EMERGENCY AND DISASTER MANAGEMENT PLAN

If an emergency or disaster occurs, Perth Integrated Health will do the following:

- Contact you to advise of the emergency/ disaster
- Check on your immediate safety, and link you with immediate supports if needed
- Tell you if the emergency/ disaster may change the supports you receive
- Offer you alternative options for accessing support:
  - Send a different worker if your usual worker is not able to come
  - Change your in person appointment to a phone or video appointment
  - Change the location of the appointment if the usual place has been affected by the emergency/ disaster
  - Change the time/ date of the appointment
- Perth Integrated Health will ensure that all services you receive follow recommended guidelines regarding infection control/ prevention, social distancing, and other recommended emergency/ disaster management guidelines
- Perth Integrated Health will keep you updated on how the emergency/ disaster is affecting services, and when we expect services to return to normal
