

Name: _____

$$263 + 712$$

1. Decompose the numbers in matching place value segments using lines
2. Add the segments together one at a time!
3. Finally add together all the numbers you have made

SELF CHECK: Circle the emoji below to reflect on how this today's math lesson went for you

This homework was very easy for me

I need to review a little bit before I'm confident

I need to see Miss Tighe or Mr Dockery for help
