“Bean has soft hands and doesn’t often let the ball into his body. I was really impressed by how he makes the tough catch look routine. One thing that I noticed right away when scouting Tanner is that he is excellent in finding the soft spots in the zones. He has excellent control of his body.”

- Body control
- Sure hands
- Route runner
- Good vision

Royal Capell 25'/Steele HS (ATH)

“Capell has excellent balance and is capable of quick changes of direction to free himself on whip routes and double moves which clearly separates himself from his opponents. One of the most impressive features about Royal this weekend was watching him extending beyond his frame to snag the ball since he’s always known to keep a tight core in traffic. He’s been able to allow his 7v7 play to translate into his regular season performance seamlessly.”
