

## Culturethèque – Your French e-Library

### Part Five – Searching

Because Culturethèque comprises multiple sources of documents, it is often difficult to browse the entire collection. The easiest way to find what you are looking for is to click the magnifying glass on the search bar, *but leave the search bar blank*.

After you enter a blank search scroll down the column on the left side of the page and find “Sources.” This is the area where you can browse for books, magazines, music and videos. The list below will tell you how to find each kind of document contained in Culturethèque.
