

Making a Difference

Did you know.....

In our area, many families struggle each day as they care for a child with a disability. These families are the community that Mikey's Place serves.

- There are over 65,000 adults, ages 18-34, with disabilities living in the Harris County
- 37% of working-age people (18-64) with disabilities are employed compared with 76% of those without disabilities while only 25% people with disabilities over 16 (including those 65 and older) are employed compared with 67% of those without disabilities
- At Mikey's Place, we envision a society in which...
 - ...all people with disabilities feel valued, accepted, and respected.
 - ...all people with disabilities belong wholly to their community.
 - ...opportunities for persons with disabilities are abundant.
 - ...contributions by persons with disabilities are routinely recognized.
 - ...we all agree that we are better TOGETHER

How you can support Mikey's Place.....

- \$5,000 provides two months of supplies to the young artisans at Together
- \$2,000 provides one camper with the opportunity to attend a special needs camp for the week
