***RE: Asset Recovery Inc.***

It has been my pleasure to work in the same office with John Fox and his staff at Asset Recovery Inc. They take great pride in their work and while I have not used their services directly, I have seen the professionalism and pride they take in their work as well as the joy they bring to their clients.

It is a wonderful thing in this tough economy to receive good news regarding "found wealth" that they provide, and I look forward to hearing many more happy stories from their clients.

Sincerely,

---

Dean D. Sellers, Esq.
