

Dear Karen,

I would like to thank you for the wonderful stocking I got this Christmas. Sorry this letter came too late I've been a busy girl with basketball and all but I really appreciate what you done to make not only me happy but other foster kids happy. I hope your Christmas was very Jolly and exciting for you and your family

Love,

---

Karen,

Thank you so much for your thoughtful stocking and items inside. I have been a C.A.S.A. (Court Appointed Special Advocate) for foster children for almost 10 years. This is such a wonderful program you have and so needed - as you know from experience. My CASA children has no biological family and lives in a therapeutic group home and the holidays are especially difficult for her to imagine ever reaching her goals, and finding a "forever family". Your initiative and altruism are and inspiration to her!

Sincerely
