

Window Jamb Extension

Window	Height x Width x Depth	Depth of Each Corner
Example... #1 South Bedroom	<p style="color: green; font-weight: bold;">59 3/8" x 23 5/8" x 3 3/4"</p> <p>The depth of the wall usually varies from corner to corner. This means that if we did one standard depth for all 4 corners, the installer would have to plane/sand off any material overhang once the jamb is installed. To avoid this hassle, we request the depth of each corner so that we can do our best to achieve a flush window jamb.</p>
