

Please remember for MANY of our events, we are so far in advance that the ships computer software system doesn't have all the venues opened up yet for scheduling. I will have more scheduling in April. Hotel pricing will be available towards the middle of March once their software opens those dates for reservations. This same thing applies to private shore excursions. I will have those most likely at the beginning of May.

The onboard itinerary 3/02/2024 Gothic Cruise (In Progress!)

Event times and locations will change as we get closer. NOTE: WE ARE STILL ADDING EVENTS.

Please save this itinerary to your phone before leaving hotel!!

NORWEGIAN DINING DIFFERENCE: There are no assigned tables or dining times on this cruise. Most restaurants onboard the ship & on the island Great Stirrup Cay are included in the cost of your cruise. The free included restaurants (about 16?) do not require reservations but it is recommended to avoid wait times. (restaurants that have a charge are clearly labeled) You can make reservations on the phone app, or onboard by either going to the restaurant or using the reservations boards. However if you are new, shy or unsure and would like to dine other group members, please email me prior to the cruise and I will setup dining for you with others who feel the same. Or come see me on the ship and I will get you a table with others in the group. I will be posting my dining schedule prior to the cruise as well. IF YOU WANT TO INSURE YOU ARE SITTING WITH OTHER GOTHIC CRUISERS YOU NEED TO EMAIL ME BEFORE THE CRUISE. For those of you already traveling with friends you dine with - please email me and let me know if you are open to a new cruiser dining with you who might be a little nervous on their own the first time.
