SENTINEL

SENTINEL

A NATURAL CONNECTION

The subtle elegance ingrained in Paladin's popular Sentinel Series infuses a room with grace and timelessness. Solid hardwoods such as oak, maple, cherry and walnut are accented by a sleek, contemporary design that gets everything but function out of the way. The elemental beauty of the natural wood enhances the library experience as people quietly collect their thoughts, gather knowledge, and find the stories they want to read and hear.

DESIGNED TO WORK FOR YOU.

Zero cords on tabletops - or around legs and feet.

Nothing but wood.
Cord spaghetti disappears.

Standard 42" or 48" modules
offer endless storage design options.

Three in one — one
section with multiple
modules. Flexible design
for whatever you want.

Trash access

Trash is out of sight!

Modular components for what
you need in a contemporary,
professional environment.

Electrical cords out of sight!

Plug in your electronics, printers, lights, clock, anything with a plug.

A closer look into the Sentinel Series reveals a palette of remarkable features, designed to unobtrusively facilitate the latest technologies, making Sentinel much more than a simple décor choice. Along with our hardwood options, we use a host of materials including solid surface, acrylic, glass, metal, slat wall, melamine and laminates from major manufacturers to complete the feel and specific functions of our designs. Our hardwoods can also be stain-matched to pleasingly complement different color schemes.
