THE CITY

Rudy Balasko / Shutterstock.com

The people of Bari love to repeat this phrase: 'If Paris was on the sea, it would look like a small Bari'. Obviously, this is an exaggeration, but it tells us a lot about the pride (and sense of humour) in this area.

Bari was an important city under the Greeks, became a Roman municipality, and was later governed by the Saracens, the Venetians, the Normans, the Aragons, and the Bourbons before finally becoming a part of Italy. As a link between the Greek and Middle-Eastern worlds, Bari experienced its Golden Age during the medieval period. The glories of that age are perfectly symbolised by the stupendous Cathedral and Church of San Nicola.

Today, Bari is a lively modern city that still retains traces of its rich history in its architecture, culture, and traditions. It is known for its picturesque Old Town, bustling port, and vibrant street life. The city's historical significance, combined with its contemporary charm, continues to make it an interesting destination for visitors from around the world.

DO & SEE

Mi.Ti. / Shutterstock.com

Bari, a busy port city on the Adriatic coast might not quite yet be able to compete with Italy's other tourist magnets, but it's not likely to stay this way for long: the charming port town does not lack in history or culture. Bari has many stunning sites to offer, such as the Cattedrale Di San Sabino, known as one of the most important attractions in town, and the Castel del Monte, a unique medieval manor house, 70 kilometres from the centre of Bari.

Additionally, be sure to enjoy a walk in the beautiful Orto Botanico or discover the Grotte Di Castellana — the famous caves of Castellana — and visit the Old Town to capture some photos of the medieval buildings, take a stroll by the harbour, enjoy the beautiful sea view, and watch fishermen at work. All the tourist highlights can easily be visited on foot.

Old City

The extraordinary Old City of Bari largely consists of narrow and winding streets, making it a charming place to stroll around. You'll find all the important medieval monuments, such as the Swabian Castle and many churches, including the Cathedral of San Sabino and the Basilica of

San Nicola, as well as plenty of bars and restaurants.

Swabian Castle

Dating back to 1132 under the reign of Norman King Roger II, Castello Normanno-Svevo is a true architectural testament to history.

Although it endured destruction in 1156 by King William I of Sicily, it was resurrected and fortified in 1233 under the patronage of the Holy Roman emperor Frederick II.

Over time, it saw various transformations during the Angevin domination, and after being held by several noble families, it eventually became a prison and barracks under the King of Naples. Encircled by a moat on all sides, except its northern border with the sea, accessible via a bridge and gate to the south, the castle primarily features Aragon walls and the prominent Hohenstaufen tower. Today, it serves as a venue for exhibitions, preserving a rich tapestry of history within its walls.

DINING

Francesco Carucci / Shutterstock.com

Pugliese cuisine is usually associated with orecchiette, little-ear-shaped pasta accompanied by cime di rapa (turnip-tops), but there's much more to this region than that one dish.

The fresh vegetables found here are often prepared with oil and garlic and other specialities include fish, homemade pasta, and cereal-based soups. Most dishes are served with bread or taralli (similar to breadsticks). The burrata (mozzarella cheese with a cream centre) should not be missed. Pugliese cuisine with its delicate flavours is generally considered to be amongst the best in Italy.

Bari Karol Wojtyła Airport (BRI)

Bari Karol Wojtyła Airport (BRI) is located around 10 kilometres from the city centre and it serves several major airlines, low-cost companies

included. From the city centre you can reach the airport in several ways, so just choose the one that suits you best:

- Bus 16 will take around 45 minutes to reach the city centre, but this is definitely the cheapest option, departing every 40/50 minutes.

- Taking a taxi is the most comfortable option, but also the most expensive. You will find taxis outside the arrivals area.

- Car rental is another option. Several car rental companies like Avis, Budget, and Hertz are represented at the airport.
