

COLORTEX®

Made from Nylon
with Rubber
Backing

Nylon Surface help
remove dirt and
absorb moisture

Mats can be
washed regular to
retain the finish.

COLORTEX® mats are all about making a quality impression on your guests with their first step into your establishment. It's one of the biggest reasons that major corporations are choosing COLORTEX® to display their company's logo and corporate colors in their national and international offices.

COLORTEX® mats are designed to enhance the appearance, flow of traffic and improve safety of your guest. The ideal area of application is entrances, lobby, Spa, Club area and other location within your property. COLORTEX® mats vividly enhance any floor. The colorful nylon top not only conveys your message, but also traps dirt and moisture.

The nitrile rubber backing provides stability and allows mats to be washed and dried multiple times while maintaining their eye-catching good looks. Our mats are plush, luxurious and bespoke to customer requirement. Your design and we manufacture it exclusively for you.
