

WHO WE ARE

Our teachers and staff are passionate about your child's educational growth and we are dedicated to providing a safe, nurturing environment that cultivates confidence and self-esteem.

We form a strong partnership with you and the community to ensure the best learning environment for your child and we have open communication opportunities to understand your child's unique needs.

We devote time and resources to enhancing our training and we encourage our staff to continue developing and maintaining their educational credentials.

At the Daniel Center we aspire to:

- Help children become more proficient in math, science and technology; and to prepare and motivate them to pursue a post-high school education.
- Reduce the impact that at-risk and socio-economically disadvantaged children experience in the fields of math and science by providing an after-school and summer/track-out program to narrow the education gap.
- Introduce our students to the immense opportunities in STEM-based careers through a curriculum that is activity driven, inquiry based, lively and fun.
- Provide our Child Care Center students with a great start and finish to every day.
- Provide continued leadership and mentoring support to our college-entry students.

CHILD CARE VOUCHERS ACCEPTED

OUR PROGRAM SETS CHILDREN ON THE PATH TO SUCCESS!

PRE-TEEN PROGRAM

Our Pre-Teen "Smart Is What's Up!" program, through a challenging standards-based program, nurtures and prepares our students to transition into our Teen Program and high school.

TEEN PROGRAM FOR AGES 13 AND UP

Our Pre-Teen "Smart Is What's Up!" program, through a challenging standards-based program, nurtures and prepares our students to transition into our Teen Program and high school.

COLLEGE PROGRAM

Our expectation is that ALL of our students will graduate from high school, and go on to pursue a post-high school education. We know the transition from high school to undergraduate is a life-changing experience and we provide continued support to ensure a successful transition.

ONE PURPOSE

Our new Pre-Kindergarten program has but one purpose; to ensure that each of our students is academically, socially, and emotionally ready for Kindergarten.

THE CREATIVE CURRICULUM FOR PRESCHOOL

The Creative Curriculum for Preschool

With The Creative Curriculum® for Preschool, we are implementing Teaching Strategies®Gold®, which gathers and organizes meaningful data in order to assess each students' progress. This system answers the questions:

"What does this child know?"

"What is he or she able to do?"

We take advantage of every teachable moment to create a collaborative learning experience.

PROGRAM FOCUS AREAS

Language and Literacy Skills
Executive Function
Social and Emotional Development
Physical Development and Wellness
Cognitive Development
Creative Expression

Full day program

Program Hours

Monday - Friday: 7:00 a.m. - 6:30 p.m
