October Activities:

This month the youth have enjoyed making fall arts and crafts, learning through science experiments, taking part in Halloween Scavenger Hunts, making Happy Halloween Cards to brighten senior citizens days, earning stars by completing their homework and reading through our homework assistance program, and learning about healthy food options from our MSU Nursing volunteers.

Donor Spotlight:

The G.C. Waite Foundation has been a faithful donor to our organization for over twenty years. The foundation's principle function is to operate and contribute exclusively to charitable, educational, literary, and scientific purposes, principally in Gallatin County. Gardner "Pete" Waite believed in building a stronger Bozeman through thoughtful action and through his foundation, his wishes are fulfilled each day at CHILDREN FIRST, INC.
