## BULK BAGS

They are also known as bulk container, tote bags or super sacks. These bags are made from heavy duty woven polypropylene and are typically designed to handle weights between 500KG to 2500KG  
Product code # N/A -dependant on size and options  
Call for pricing Only

### Options include:

- 4 Panel, circular woven or u-panel construction
- Coated or uncoated
- Duffel or spout tops or fully open
- Full base discharge bags
- Bottom discharge spout with Iris or petal closure
- Baffles optional - Used to keep the shape of the bulk bag while being shipped in containers to maximize space
- Corner or Cross corner lifting loops, Tunnel Lift bags
- Document pouch on every bag so product details can be displayed 5:1 or 6:1 safety ratio
- SWL from, 500kg/2,500kg - 1,100lbs/5,500lbs
- Helicopter bags
- Mining bags
- Super stable bags
- Single or double loops bags
- Bulk bags on the roll for automatic filling
- Plain or up to 4 colour printing on: 1,2,3 and 4 sides as required
- UN certified rated options
- De-Watering bags
- Laminated construction
- Correx bags
- Lined bulk bags, Loose, Tabbed or Glued in liners
- Mesh and vented fabrics for breath ability
- Type A,B,C and D statics resistant bags
- CFIA ( Canadian Food Inspection Agency )
- 20' and 40' PP Container Liners

## Blasting Bags

Designed and used for proper positioning of caps boosters in filled holes. Made of pliable materials and heavy stitching to withstand rough and jagged drilled holes. They come in a verity of sizes to accommodate different blasting designs.

## Emulsion Weight

These weights are used to determine the height of explosives in a column of water.

These weights are attachable to the fibre glass-tapes ( Ft25 - Ft300 )

**Product Code # ELW308**

## Fibreglass Tapes

These tough fibreglass tapes are used by a variety of industries to measure depth. Attach any weight to the snap ring and lower to measure depth.

**Product Code# Ft25, Ft50, Ft100, Ft150, Ft200, FT300**

## Lead Weights

These weights are commonly used for down hole measuring in combination with the fibreglass tapes ( Ft25 - Ft300 )

The top hole is to attach the snap ring on the tape.

**Product Code# LW8OZ, LW12OZ, LW16OZ, LW20OZ, LW24OZ**
