

CYBER AI FOR WOMEN CONFERENCE 2025

Event Briefer: Cyber AI for Women Conference 2025

Event Title: Cyber AI for Women Conference 2025

Theme: *“Cyber AI for women: Innovate, Empower, Lead”*

Date: March 28, 2025

Time: 8:00 am

Venue: (To be announced)

Overview

The Cyber AI for Women Conference 2025 aims to bring together women leaders, innovators, and professionals from diverse sectors to explore the transformative power of Artificial Intelligence (AI) and its impact on gender equality, leadership, and innovation. This conference serves as a platform to discuss challenges, opportunities, and actionable solutions in leveraging AI for women’s empowerment in various industries.

The event will provide a collaborative space for knowledge sharing, networking, and fostering partnerships that amplify the role of women in shaping the future of AI and the digital landscape.

The conference is proudly presented in partnership with the **Department of Information and Communications Technology (DICT)**, in collaboration with the **National ICT Confederation of the Philippines (NICP)** and the **BSK (Balikatan Sa Kaunlaran)**.

Participants

Participants will represent a wide range of sectors, including but not limited to:

- **Technology and AI Development**
- **Government and Policy-making**
- **Education and Academia**
- **Healthcare and Biotechnology**
- **Media and Creative Industries**
- **Non-Governmental Organizations (NGOs)**
- **Startups and Entrepreneurship**

CYBER AI FOR WOMEN CONFERENCE 2025

This diverse group of attendees will ensure a rich exchange of ideas and interdisciplinary collaboration.

Objectives

1. Highlight the potential of AI in addressing gender gaps across various industries.
2. Showcase success stories of women who have harnessed AI to drive innovation and positive change.
3. Provide actionable insights on how women can upskill and thrive in AI-driven fields.
4. Foster partnerships between sectors to create a more inclusive AI ecosystem.

Program Highlights

- **Keynote Addresses:** Visionary talks by global leaders in AI and gender equality.
- **Panel Discussions:** Experts from different sectors will discuss pressing issues such as AI ethics, inclusion, and diversity.
- **Workshops:** Hands-on sessions focused on upskilling women in AI technologies and tools.
- **Networking Opportunities:** Dedicated time for participants to connect, exchange ideas, and collaborate.
- **Startup Pitch Showcase:** Women-led startups leveraging AI will present innovative solutions to industry challenges.

Expected Outcomes

- Increased awareness of the role of women in AI and digital transformation.
- Strengthened collaboration across sectors to address challenges related to gender inclusion.
- Empowerment of participants through actionable strategies and tools for success in AI-focused field.

Join us as we redefine the digital future and champion the role of women in shaping the AI-driven world!
