

# JORDAN LLOYD

## WORK EXPERIENCE

### PRODUCTION DESIGNER / 3D ENVIRONMENTAL DESIGNER

---

Scenic Lloyd's Design LLC | Atlanta, GA | 2020 -

- Developed conceptual and spatial designs for film, television, and experiential environments using SketchUp, Enscape, and rendering workflows.
- Produced detailed 3D visualizations, layout concepts, and construction-oriented design packages for fabrication and installation teams.
- Coordinated multiple projects simultaneously while managing timelines, budgeting, materials, and vendor communication.
- Assisted in environmental and landscape-oriented design concepts for exterior scenes and immersive built environments.
- Collaborated closely with fabricators, creatives, and project stakeholders to ensure successful project execution from concept through completion.
- Streamlined production workflows and improved team efficiency through organized planning and coordination.

### KEY SCENIC ARTIST | PAINT JOURNEYMAN

---

I.A.T.S.E Local 479 | Atlanta, GA | 2016 – 2023

- Supervised crews and coordinated construction execution for large-scale scenic and environmental installations.
- Interpreted technical drawings and collaborated with designers, builders, and production teams to execute complex projects under tight deadlines.
- Maintained high standards of craftsmanship, organization, and visual quality across multiple concurrent projects.
- Supported field coordination, material management, and installation logistics in fast-paced production environments.
- Developed strong communication skills through collaboration with clients, vendors, and multidisciplinary teams.

### DESIGN SOFTWARE & TECHNICAL SKILLS.

---

- AutoCAD
- SketchUp
- Enscape
- V-Ray
- Adobe Creative Suite
- 3D Rendering & Visualization
- Construction Documentation
- Spatial & Environmental Design
- Site & Landscape Concept Development
- Project Coordination
- Design Presentation Graphics
- Vendor & Client Communication
- Team Leadership & Scheduling

## PROFILE

Creative and detail-oriented designer with 4+ years of professional experience in spatial design, 3D visualization, construction coordination, and project execution across fast-paced production and built-environment projects. Skilled in concept development, technical drafting, rendering, and cross-functional collaboration from schematic design through installation. Strong background managing multiple projects simultaneously while producing high-quality visual presentations and construction-focused deliverables. Proficient in AutoCAD, SketchUp, Enscape, and Adobe Creative Suite.
