**THEME** | Quote | Song | Color | Animal . . . *of the month* :

**VISION** = your goals within your ultimate state of being:

How do you want each area of your life to feel? What do you want to be doing on a consistent basis?

Clearly describe your ideal Vision. For now, **GIVE EACH OF THESE A GRADE** (A, B, C, D, F):

- Personal Character Story - who are you and who do you want to be known as?
- Dream Career / Business / How do you Serve?
- Ideal Financial Life
- Dream Home and Geographical Environment
- Ideal Homelife Experience
- Predominant Feelings and Emotions
- Ideal Intellectual Path and Personal Development
- Ideal Appearance, Health and Fitness
- Ideal Romantic Relationship
- Ideal Friendships and Social Life
- Ideal Spiritual Path
- Ideal Overall Lifestyle - experiences, habits, quality of life

**BELIEFS** = the foundational beliefs you hold.

Examine the beliefs surrounding your Vision. What deeply held beliefs are shaping your life? Are your beliefs empowering? Do they move you at a deep level or are they holding you back? What is your belief for each area of your life, or what would you like it to be?

**WHY / PURPOSE** = the compelling reasons behind what you want.

What energizes you? What empowers you to take action? What motivates you to achieve your Vision? Describe WHY you want to make the most out of each area of your life?

**HOW / STRATEGY** = the specific actions that will get you from where you are now to where you want to be.

How will you bring your vision into reality? Ask yourself what kind of positive habits, attitudes, and action steps you can implement. What's the RECIPE for the Vision you want to create?
