#### PRIMARY PROFESSION / HIGHLIGHTS

- 1993-2019 Environmental Engineer / United States Environmental Protection Agency (San Francisco)
  - Developed assessment and cleanup solutions at Superfund Sites, primarily copper mining legacy sites in Nevada, including Anaconda and Rio Tinto.
  - Worked collaboratively with community groups, corporations, city and county governing bodies, and Native American tribal governments.
  - Applied creative solutions to help achieve multi-party settlement and cleanup at the Rio Tinto Mine Site, including work towards restoration of a tribal fishery. Member of the project team awarded EPA's Silver Medal for achievement.
- 1987-1993 Environmental Engineer / United States Environmental Protection Agency (Philadelphia)
  - Developed creative enforcement solutions to drinking water contamination incidents under the Safe Drinking Water Act, e.g., negotiated with local industry to provide water treatment to remove industrial solvents from the wellfield of the town of Vanport, PA.
- 1984-1987 Environmental Engineer / N.J. Department of Environmental Protection (Trenton, NJ)
- 1982-1984 Field Engineer / Public Service Electric and Gas Company (Jersey City, NJ)

#### VOLUNTEER / SERVICE EXPERIENCE

- Delaware Chapter Sierra Club / Reviewed and commented on water resources projects and policies under development by the State of Delaware (1992-3)
- National Park Service, Golden Gate National Recreation Area / Member of a spotted owl monitoring team under direction of a field biologist (1996)
- River of Words (a program encouraging ecological literacy among youth) / Assisted at public and educational events (2009-10)
- Petaluma Arts Center / Assisted with community events (2012-4)
- Marin Poetry Center / Assistant to events coordinator (2013)

- Provided support at Writers for Migrant Justice event held at Dominican University of California on September 4, 2019
- Marin Poetry Center / Member of the Board (Social Media Director) (April 2020-August 2021)
- Petaluma Poetry Walk / Member of Organizing Committee (2023-2024)
