

CAPABILITY STATEMENT

Senior Project & Program Leadership for Complex, Regulated Transformations

Higher Education • Research & Grant-Funded Programs • ERP & Enterprise Initiatives (Direct or Partner-Led)

Creative PM Solutions provides on-demand, senior-level project and program leadership to organizations navigating complex ERP, enterprise, and transformation initiatives—serving as a direct engagement partner or seamlessly complementing advisory, integration, and implementation teams.

We bring structure, financial discipline, and governance rigor to mission-critical programs, protecting outcomes, credibility, and audit readiness across higher education, research, and regulated environments.
