PAST PERFORMANCE

End-to-End ERP Implementation & Optimization

Differentiator: High-volume, government-grade expertise in complex ERP systems.

- Delivered 100+ government Unanet ERP implementations, integrating PMO frameworks and post-fit-gap sub-project alignment (Unanet).
- Pioneered PMaaS (Project Management as a Service) model for end-to-end ERP solutions, managing BI dashboards and 30+ client upgrades (BST Global/ Draper Laboratory).

PMO Development & Process Improvement

Differentiator: Scalable, PMI-aligned frameworks for enterprise-wide governance and efficiency.

- Built PMO standards, workflows, and templates (aligned with PMI methodologies) during high-stakes ERP implementations (Draper Laboratory).
- Established internal PMO frameworks supporting 100+ Unanet ERP deployments, including tools, training, and communication templates (Unanet/Sprint).

Strategic Digital Transformation & Compliance

Differentiator: Innovation in federal IT modernization and scalable tech adoption.

- Led effort to modernize FDA's CVM software systems, managing 40+ engineers and federal stakeholders (Biswas IT Solutions)
- Spearheaded subscription service deployment (Unanet) and LTE (4G) rollout with global vendor coordination (Sprint).

Stakeholder Engagement & Change Management

Differentiator: Cross-functional collaboration and end-to-end change leadership.

- Drove enterprise-wide stakeholder alignment and business requirement adherence through daily standups, process documentation, and partner-led change management in support of ERP implementation (Draper Laboratory).
