

OMG Solutions – ELMN8 DECON

Technology

OMG Solutions' product **ELMN8 DECON** is *The Game Changer in Decontamination*. **ELMN8 DECON** is a non-hazardous , non-toxic decontamination solution. The solution was developed to decontaminate soil, solid surfaces or infrastructure. Apply to storage tanks, sprinkler systems, fire truck hoses, pumps and even uniforms. Literally anything that needs decontamination.

But the original and most powerful use of ELMN8 DECON, is that it breaks down the “forever” chemical PFAS and PFOS.

Forever “NO MORE!” **ELMN8 DECON**'s sister ELMN8 products, have been proven in the Remediation, Emergency Response and Oil & Gas Industries over the last 8 years.

Costs

\$12,375 per 275 Tote (\$45 per Gallon)
