

Trade Tales

Future Tradies

January 16th, 2024 - Tools to Empower collaborated with Embers for a captivating "What is a Trade" workshop. With the generous support of sponsors City Electric Building Supply and Skilled Trades BC, the event was a hit! Two TTE team members guided the Embers in crafting robot lamps, providing hands-on experience with electrical components and tools. This invaluable sponsorship played a key role in sparking a lasting passion for trades and STEM among the participants.

February 28th, 2024 - TTE teamed up with a Girl Guide Troop for an exciting woodworking workshop. After a quick safety briefing and PPE introduction, the girls dove into crafting wooden cats and even tried their hands at using a mitre saw! It was a day of creativity, skill-building, and lots of fun, opening up the world of trades to the next generation of tradeswomen.

SHOUT OUT TO CHBA
for partnering with TTE
and making our April so
memorable.

Skills Canada Competition

Abbotsford marked our first expo appearance—a moment of genuine excitement! We engaged attendees with our interactive Robot Keychain workshops, offering hands-on experience with essential tools like screwdrivers, handsaws, and Bessey clamps.

Prince George Trades Expo

Thank you to Terri for organizing and inviting us to the PG Trade Expo. We had a fantastic time engaging with the community and sharing our passion for trades and STEM!

Hammer Competition

The highlight of our Prince George visit was undoubtedly our hammer competition! Participants showcased their skills and strength. Sponsored by PG Rona

Our Meet-ups

Our meet-ups have been a blast, bringing people from all over the Fraser Valley to connect, build a supportive, and engaging community. If you're in trades, STEM, or simply interested in the industry, join us to connect with like-minded individuals, share experiences, and empower each other. We meet on the first Sunday of every month at 1:30 PM for networking and support.
