Pinksale

We do not sell fairs through Pinksale. The reason is that, according to the decision we made with the Fndk team, most people who buy from the fair sales lose money from the sales raid at the beginning and the token trust decreases. Therefore, we will start by selling from below so that everyone can win. We want to create a real token from pancakeswap that everyone will win in the long run.

ABOUT

A delightfully decentralized, perpetual memecoin for all the fun-loving adventurers who are excited to embark on a journey through the cosmos of cheerful mayhem!

Welcome to the world of a unique digital currency, born from cheer and excitement, reflecting the witty and inventive essence of our favorite red-hatted hero himself: FNDK WOODY

For this memecoin to thrive, we need to grow an upbeat community, a meeting of jesters and jokers driven by boldness, innovation, and an unabashed sense of fun.

Our harmonious blend of chaos and camaraderie will be the rocket fuel for sending \$WOODY to the moon!
