

# Cloud Networks Solutions

Your One-Stop Solution for All IT Needs

# Who We Are

Cloud Networks Solutions is your comprehensive IT partner, specializing in Microsoft Services, Security, Telecom Infrastructure, and more. We offer end-to-end support from design to maintenance, covering servers, storage, networking, licenses, and application deployment, along with security products, data center solutions, ISO certification, and VAPT.

## Cloud Services

Comprehensive cloud solutions and infrastructure

## Software Licensing

Complete licensing management and support

## Server & Storage

Backup and virtualization solutions

## Data Center Solutions

Full infrastructure design and implementation

## Network & Cyber Security

Advanced security and protection systems

## IT & System Infrastructure

Complete system architecture and support

## Channel Partners

### Telecommunications & Connectivity

- Data and Voice Solutions
- Smart Internet
- Smart Cloud Services
- SIP Trunk
- Internet Leased Line
- Smart Office
- Zoom Collaboration Services

### Advanced Services

- International Bridging Services
- Toll Free Services
- SMS Solutions
- Email Security
- Endpoint Security
- Virtual Firewall

# Microsoft

## Microsoft Solutions Portfolio

1

### Microsoft Office 365

Complete productivity suite with cloud collaboration tools and enterprise-grade email solutions

2

### Microsoft Azure

Scalable cloud computing platform for infrastructure, applications, and data management

3

### Windows Server Licenses

Enterprise server operating systems with comprehensive management capabilities

4

### SQL Database Licenses

Robust database management systems for mission-critical applications

# Software Licensing Excellence

We provide comprehensive licensing solutions for industry-leading software across all business needs, from creative tools to enterprise infrastructure.

## Microsoft

Complete Microsoft ecosystem licensing

## CorelDRAW

Professional graphic design tools

## VMware

Virtualization and cloud infrastructure

## Adobe

Creative Cloud and enterprise solutions

## AutoCAD

Engineering and design software

## RHEL

Red Hat Enterprise Linux solutions

# Cyber

## Comprehensive Security Solutions

### Network Security

- Switching & Routing
- Wi-Fi Solutions
- UTM & Next Gen Firewall
- Web Application Firewall

### Endpoint Protection

- Anti-virus Solutions
- Anti-spam Solutions
- Server Security
- Two Factor Authentication

### Advanced Security

- DLP & Encryption
- Web-filter
- Vulnerable Assessment (VA)

Offering  
Cloud

# Storage & Virtualization Infrastructure

## Storage Solutions

SAN, NAS, DAS, Unified Storage, and Secondary Storage systems

## Backup & Recovery

Server, desktop, laptop backup solutions, archiving, and tape library systems

## Virtualization

VMware, Hyper-V, and Citrix virtualization platforms

Our comprehensive storage and virtualization solutions ensure data integrity, business continuity, and optimal resource utilization across your entire IT infrastructure.

# Cloud & Hardware Solutions

## Cloud Services

- Amazon Web Services
- Microsoft Azure & Office 365
- Net Magic (Colocation, Dedicated Hosting, Cloud)
- IBM Soft Layer
- Cloud Anti-Virus & Web Security

## Hardware Solutions

- Desktops & Laptops
- Printers
- Servers & High-End Workstations
- Thin Clients & RDP

# Data Center Solutions

## Cooling Solutions

DC Cooling (PAC) and Smart Solutions for optimal temperature management

## Power Infrastructure

Power Racks, IPDU, UPS, and SMF Batteries for reliable power delivery

## Access & Control

Security and access management systems with DCIM integration

## ELV Solutions

Extra Low Voltage systems for comprehensive facility management

 **After Sales Support:** CAMC/NCAMC for all brands of UPS, plus complete design and SITC DC solutions

# Trusted by Industry Leaders

We're proud to partner with reputable clients and maintain key alignments with leading technology providers worldwide.
