

**ESION**  
WebApp

ACCLAIM AUDIO

**Award Winning Sound!**

**ESION used on 3 Emmy  
nominated shows in 2022**

**The most advanced  
AI audio processing  
WebApp**

A screenshot of the ESION web application interface. At the top, it says "SUBMIT NEW SESSION" with a cloud icon and a close button. Below this, there are sections for "Choose the file to upload" (with a "Choose File" button and "No file chosen" text), "Target platform" (a dropdown menu set to "Podcast LUF20"), "Output file format" (radio buttons for "Edit Master", "Final Master", and "Format Only", with "Edit Master" selected), and "Leveling" (radio buttons for "On" and "Off", with "On" selected). A large section contains various audio processing settings: "Noise Reduction" (a dropdown menu set to "Moderate"), "Surgical" (radio buttons for "Manual", "Auto", and "Off", with "Auto" selected), "Noise Profile" (input fields for "In" and "Out" times), "Apply Entire File" (radio buttons for "On" and "Off", with "On" selected), and "Apply Locations" (input fields for "In" and "Out" times). At the bottom, there is a "Project Name" field set to "Amazon Thursday Night Football" and three buttons: "Submit", "Help", and "Cancel".

Improving the sound quality of  
your audio or video recordings  
has never been easier

ESION provides a cloud  
audio editing service

Create award winning audio for your  
content with the touch of a button
