General Terms and Conditions for all Product

Subscriptions and Software Updates + Support Plans

Subscriptions and software updates + support plans are non-cancelable and non-returnable. You may change your auto-renewal preferences in your Acclaim Audio Account, but no refunds will be paid on any remaining subscription or upgrade plan period.

If you allow your Subscription to lapse, your Acclaim Audio software licensed on a subscription basis will no longer run. If you allow your software updates + support plan to lapse, you will no longer have access to the latest software or support.

An internet connection is required to use and manage software licensed on a subscription basis. Without an internet connection, your software may stop running. For annual subscriptions that are billed monthly, the computer on which your software is running must connect to the internet once per month on the same day of the month as the first day of your subscription start.

Subscription and software updates + support plan pricing is subject to change. New pricing takes effect upon renewal of your subscription or upgrade plan. Educational subscription pricing, if available, is subject to verification of eligibility.

Cloud Storage Subscriptions

Some Acclaim Audio products allow you to store and share your content online ("Cloud Storage"). You agree to only use Cloud Storage for content that you own or otherwise have rights to copy and distribute. You retain ownership of any intellectual property rights that you have in your stored ESION Sessions, and other content stored in Cloud Storage ("Projects"). When you upload or otherwise submit your content to our servers, you grant Acclaim Audio (and its third-party service providers) a worldwide, royalty-free license to use, host, store, reproduce, modify, communicate and distribute your Projects. This license grant is for the limited purpose of operating and improving Cloud Storage, Acclaim Audio applications that offer Cloud Storage, and providing new services to you.

Some Acclaim Audio products allow you to purchase additional Cloud Storage space for a monthly fee. Your monthly subscription for Cloud Storage will start when Acclaim Audio confirms your payment and will continue for a period of thirty days. When you purchase a Cloud Storage subscription, auto-renew is automatically selected in your Acclaim Audio Account. At the end of the monthly subscription period, you will automatically be signed up and billed for an additional subscription term of 30 days at the same storage tier at then-current pricing. If you do not wish your subscription to auto-renew, you may turn off auto-renew in your Acclaim Audio Account prior to the end of your current subscription term. You may also change your storage tier. If you don't pay for your monthly Cloud Storage subscription on time, we reserve the right to suspend your account or reduce your storage to free space levels. Acclaim Audio reserves the right to delete your Projects from Acclaim Audio servers if you fail to pay subscription fees when due. For applications that offer included Cloud Storage without payment of additional fees, your Projects may be deleted if you fail to access them for an extended period. Acclaim Audio will attempt to send an email to the address designated in your Acclaim Audio account prior to such deletion. Acclaim Audio encourages you to keep a local backup of your Projects. Acclaim Audio reserves the right to discontinue availability of Cloud Storage at its discretion.

Neither Acclaim Audio nor its third-party licensors or cloud service providers shall have any liability for any error, omission or defect in Acclaim Audio applications and their associated Cloud Storage service, any inability to use Acclaim Audio applications or inability to access Projects online, or any loss or deletion of customer content or data, including but not limited to Projects.
