

RAPID COLLECTION

HIGH PERFORMANCE COMPOSITE DOORS

RC27

Door Style: Troon | Door Colour: Anthracite Grey | Door Glass: Prestige

OUR COMPOSITE DOORS...

- » are the minimal-maintenance alternative to traditional door materials
- » have reinforced GRP skins, finished in either woodgrain or an exclusive smooth/etched finish that perfectly matches aluminium and delivers kerb appeal for any property
- » outperform other market alternatives with outstanding thermal performance

Inside, the PU foam core reduces heat loss and is encased by an LVL (Laminated Veneer Lumber) subframe to provide strength and rigidity. The door protects the home from the elements and will have minimal thermal expansion and contraction rates under extreme temperature variations which is perfectly normal.

STANDARD COLOUR OPTIONS

A range of 9 external colours with white interior as standard. Coloured both sides is a cost option.

Door colours shown in this brochure should be used for guidance only. We have made every effort to match the colour and stain you see in the brochure so it's as close as possible to our paint when applied to the doors. Due to the nature of the product it is applied to, there is sometimes a difference between them which we cannot avoid. The colour, intensity and sheen level may differ from the paper print version and we do not accept any liability for this for whatever reason. To ensure that you are getting the right colour on your door, please enquire about a colour booklet.
