

Cast for Kids Event

We want to remind everyone to save the date of Saturday May 18, 2024 for the Cast for Kids Event which our church will once again be participating in at Donna Laney's pond. This is a special event where children with special needs are hosted for an incredible all day event of fishing and fun. We are looking for those to help with setup and cleanup, those to help with the food, and those to be fishing buddies with the kids. Stay tuned for more information but make sure to hold May 18th on your calendars. For more information about Cast for Kids you can check out their website at <https://castforkids.org/>.
