### **Mission Project: Week of Compassion**

Throughout the month of February we will be collecting for our denomination’s Special Offering for Week of Compassion. Week of Compassion is our denomination’s disaster relief and crisis aid organization. Where there have been natural disasters, famines, fires, storms, conflicts, crises, and refugees all over our world, Week of Compassion is there working with other groups to help those in need to alleviate their suffering.

This past year Week of Compassion has helped in the Caribbean after Hurricane Melissa, in Pakistan amidst ongoing violence, in Israel working with those in need, in Myanmar, Morocco, and Turkey after devastating earthquakes, in Texas after the flooding, and in so many other places being God’s love made visible.
