Surface Shotfirers Refresher Course Perth

Tuesday 29th September 2026 (1 Day)

Tower Hotel

Maritana Street, Kalgoorlie, WA, 6430

Blast It Global has partnered with Down To Earth Training and Assessing and has a commercial arrangement for Blast It Global to provide nationally accredited training utilising Down To Earth's scope of registration. Down To Earth is an RTO (Registered Training Organisation) accredited through ASQA (Australian Skills Quality Authority), which is nationally recognised, giving this training national recognition.

- RIIBLA205E Store, handle and transport explosives;
- RIIBLA301E Conduct surface shotfiring operations;
- RIIBLA305E Conduct secondary blasting;
- RIIBLA402E Monitor and control the effects of blasting on the environment;

On completion of the Refresher theory training, provided over the period of 1 day, combined with workplace evidence, the student, on successful completion of the theory and performance assessment requirements, will be issued with a Statement of Attainment from Down to Earth Training & Assessing RTO 51199 (RTO Partner). The Statement of Attainment will enable the student to apply for the statutory Shotfirers licence in their relevant state or territory.

Pre-requisites: To qualify for the training, the student must be able to provide the following evidence:

- Current Surface Shotfirers Licence;
- Dangerous Goods Security Card (DGSC) or Security Sensitive Ammonium Nitrate (SSAN) clearance;
- Able to provide current evidence of experience working with explosives.

All communications, bookings, and inquiries will be via Blast It Global; contact details are on the last page.

The course may be attended by personnel employed in the quarrying, mining, or construction industry who wish to gain refresher training in drilling and blasting practices to renew their current statutory Shotfirers licence in their relevant state or territory.

Course Contents: The Open Cut Shotfirers course will combine classroom learning with workshops to develop skills, along with open book tests to assess students' understanding of topics covered during the course.

- Blasting Terms
- Geology & Blasting
