

Rowan- Cabarrus

COMMUNITY COLLEGE

August 20, 2019

J. Craig McAtee
Executive Director
National Coalition of Advanced Technology Centers
33607 Seneca Drive
Cleveland, Ohio

Dear Mr. McAtee:

I am writing in support of Craig Lamb's candidacy for a position on the Board of Directors of the National Coalition of Advanced Technology Centers. The NCATC was of great assistance as we began our planning for the Rowan-Cabarrus ATC in 2015 and that center has just opened Phase One this month.

Rowan-Cabarrus Community College is aware of the attendance commitments for Craig as an NCATC Director and will support his travel and participation as required in the bylaws.

Thank you for the support that your association provides to colleges across the nation to address skill development to support emerging technologies. Rowan-Cabarrus and Craig will do all we can to promote Advanced Technology Education through our continued relationship.

Sincerely,

A handwritten signature in black ink that reads "Carol Spalding". The signature is written in a cursive style with a large, prominent 'C' at the beginning.

Carol Spalding, Ed.D.
President

cc: Craig Lamb
