

## Todd Oldham

Todd Oldham serves as the Vice President for Economic Development, Workforce and Career Technical Education at Monroe Community College (MCC). As Vice President, he is responsible for leading MCC's initiatives to support regional workforce development with academic and non-credit workforce and career technical education, labor market analysis and grants development. His roles within workforce and economic development have spanned 18 years within the university and community college at both public and privately funded institutions in California, Washington State and New York.

Prior to joining MCC in 2011, he served in various administrative capacities at Clark College in Vancouver, Wash., including as associate vice president and executive director of Corporate and Continuing Education. He also worked as a program manager for information technology at Chapman University in Southern California. His business background includes handling client accounts for Gateway Computer and Working Capital Technologies.

Todd and his wife, Alina, have two children, Brandon and Ethan. In addition to spending time with his family, he enjoys playing the guitar, reading and model building.

Todd earned a doctorate of education in higher education administration from Northeastern University, an MBA from Chapman University and a B.A., summa cum laude, from UCLA. Todd is also a community college graduate, having earned an A.A. from Orange Coast College.
