

TRANSFORM A LIFE

[First Name],

Every day was a challenge for Melinda. After being diagnosed as HIV-positive, her life seemed to spiral out of control. Her husband left her, her family turned away from her and she became unemployed. Meals, clean clothes, and a roof over her head at night were never taken for granted. She felt like she was no longer living a life, she felt as if she was simply existing.

“My life before I came to Help House had no direction. My state of mind was cloudy and limited but I got lucky and was provided with an apartment complete with furnishings.”

Through life-saving programs made possible by donors like you, Melinda was able to secure housing, take life-skills classes and lay down the foundation for a promising future.

“With the help of the staff, I became involved in the programs they offered that fit my needs. While participating in activities, I obtained work. It was really great. I became more responsible and I was able to manage my responsibilities to the point where I was able to buy a car!”

Today, Melinda is on the path to success but there are thousands of others like her who still need help. In the Houston area alone, over 26,000 men, women and children are infected with HIV / AIDS.

Become a monthly donor with AIDS Foundation Houston. With your monthly support of [\$\$X.XX], you will provide year-around support to sustain the programs that provide food for empty pantries, housing and starter kits for the previously homeless and a summer of barrier-free experiences for children who attend our youth programs.

With your help, we will get to zero new HIV infections. We will work together to help those facing the daily burden of stigma and discrimination realize that living is far better than existing.

Getting to zero,

Kelly Young
CEO

P.S. – In December of 2013, AIDS Foundation Houston relocated to a new location that is conveniently located near the Hillcroft Transit Center, a major hub for all Metro routes in Houston. With the relocation, we have seen a substantial increase of new clients seeking access to our programs and services. Through sustained monthly giving we can serve these new clients and continue to use innovative strategies to realize a generation free of AIDS.

Become a monthly donor and **be the change that transforms lives.**

- ☐ I/We would like to become a monthly donor. Please bill my credit card monthly in the amount of \$ _____
- ☐ I/We would like to make a one-time donation of:
- ☐ \$500 ☐ \$250 ☐ \$100
☐ \$25 ☐ Other _____
- ☐ A check is closed made payable to AIDS Foundation Houston, Inc.
