COMPANY

LB&M Construction, Inc, was established in 2017. We are fully licensed and insured contracting company. As a minority-owned business, we take immense pride in our ability to combine innovation, expertise, and diversity to deliver exceptional construction services throughout Northern California.

We are proficient in all aspects of construction, from residential projects to commercial ventures, we have the capacity to adapt and excel in diverse settings. Specializing in concrete services, our expertise extends across a wide spectrum of applications. Whether it's designing, pouring, finishing, or repairing concrete structures.

At LB&M Construction, with over two decades of collective experience, we understand the unique challenges and opportunities that the construction industry presents. Our extensive knowledge allows us to tackle projects of varying complexities. With every endeavor, we strive to not only meet but exceed expectations, delivering results that reflect our dedication to craftsmanship and client satisfaction.

DIFFERENTIATOR

LB&M Construction, Inc, believes our key distinguishing factor lies in our ongoing collaboration and communication with our clients. We prioritize keeping you informed every step of the way, ensuring that your ideas and concerns are seamlessly integrated into the construction process.

Your project isn't just another job – it's an opportunity for us to showcase our expertise and dedication to transforming spaces. When you choose us, you're choosing a construction partner that's committed to building not just structures, but lasting relationships based on trust, transparency, and unparalleled craftsmanship.
