

We are a small, welcoming rural church prayerfully seeking a bi-vocational pastor to lead and grow with our congregation. Our church is rooted in faith, community, & a desire to serve others, and we are looking for someone who shares that heart.

This position is ideal for someone who feels called while also maintaining outside employment. If you feel called to serve in this role or know someone who might be a good fit, please reach out for more information. We would love to connect with you!
