

Machine Tool Robot-MTR

- HSK Tooling
- Int Cool, MQL or CO2
- 4-6-8 Tools
- 12,000 Cont. RPM
- 100% Duty Cycle
- 1.5 Sec Chip-to-Chip

Die Cast EV AL Structural Frame Milling & Drilling Application

Robotic Milling-Drilling in Production – WENCAN

MTR eliminates or reduces large machining center cost of ownership and environmental foot print

Advantage	CNC Machine Tool	Robotic Milling
Load/Unload		
Metal Removal Rate		
Tool Change Time		
CpK (min of 1.33)		Possible
Productivity		
Cost to Own		
Environmental
