PLANT GROWTH REGULATOR

Cytokinin present

(Derived from natural and/or synthetic sources)

REDMAX™ is a high-potassium liquid fertilizer enhanced with cytokinin, designed to support late-season crop performance, coloration, fruit finish, and stress recovery. REDMAX delivers readily available potassium and nitrogen while supporting cell division and nutrient movement during critical crop finishing stages.

STORAGE & DISPOSAL

Store at temperatures above °32F (°0C) and below °110F (°43C). Dispose of unused product and empty containers in accordance with Federal, State, and local regulations.

IMPORTANT NOTICE

Read the entire label. Use only in accordance with the label instructions. Use in conjunction with a normal fertilizer program. UptakePro is intended as a supplement to a regular fertilizer program and will not, by itself, provide all the nutrients normally required by plants. If terms of Limited Warranty section are not acceptable, return unopened product at once.
