**SEA/SEIU 1984 President,**

Effective immediately, I resign any membership I may have in all levels of SEA/SEIU 1984. Pursuant to the U.S. Supreme Court's decision in *Janus v. AFSCME*, I further direct you to immediately cease the deduction of all union dues, fees, and political contributions from my wages and to refund any such funds deducted from my wages without my express authorization. Any consent for such deductions I may have previously provided is revoked, effective immediately.

I understand that SEA/SEIU 1984 has arranged to be the exclusive bargaining representative for all employees in my bargaining unit and that, in exchange for this privilege, SEA/SEIU 1984 must continue to represent me fairly and without discrimination in dealings with my employer and cannot, under any circumstances, deny me any wages, benefits, or protections provided under the collective bargaining agreement with my employer.

I authorize the Freedom Foundation to transmit this notice to SEA/SEIU 1984 and/or my employer on my behalf. Please confirm receipt of this notice and inform me when the deductions will cease. **Please send me a copy of any dues authorization I have signed.**

Your employer has your Social  
Security number for payroll.  
SEIU is not payroll.  
So why do some SEIU contracts  
demand it?
