

## Wedding Music & DJ Services

We provide both DJ services and live music for wedding ceremonies and receptions, helping create a soundtrack that feels personal, joyful, and true to you. Our goal is to make your day feel seamless, fun, and unforgettable.

### Our Process

1. Fill out a short information form so we can learn more about you and your day.
2. Schedule an in-person meeting where we walk through your vision, timeline, and expectations together.

### Services We Provide

#### Music Selection

We work closely with each couple to understand your style and create a personalized music plan. We typically cover the full reception, including cocktail hour, dinner, and dancing, for a total of 4 to 6 hours. For dancing, we have found that 2 to 3 hours is the sweet spot for keeping energy high and the dance floor full. We will discuss this together as we plan your reception flow.

#### Equipment

- We provide professional sound equipment, including microphones, speakers, and basic lighting.
- A second sound system can be provided if your ceremony or cocktail hour is in a separate location, for an additional charge.
- We arrive early on the wedding day to ensure everything is set up and ready to go.

#### Emceeing

We serve as emcees throughout the event, handling announcements, introductions, and helping guide the flow of the evening.

#### Coordination

We work closely with your photographer, planner, and coordinator to make sure the day runs smoothly and stays on schedule.
