## **Corynn Kokolakis: M(y)otherwork**

2024-06-07 - 2024-09-07

Learning to understand and be present with others, allowing time and space for things to unfold, is a major shift in how we view things, focusing on care. This exhibition combines the roles of mother and painter to explore the similarities and differences between painting and the act of mothering.

It was presented at Rails End Gallery and Arts Centre during the summer of 2024.
