Greater Wausau Public Murals
By Stephanie Kohli

Merrill - Kate Goodrich Elementary

My name is Stephanie Kohli and I'm the owner of Stephanie Kohli Art LLC and a founding member of Rise UP Central Wisconsin. I live and work in Wausau Wisconsin where I love to paint everything from large murals to small canvases. I have a degree in graphic design - so I also work on photography, logo design and many other creative projects.

My life's work has always been centered around bringing people together through art and teaching the healing benefits of group art projects. I've won Best In Show for both the 2019 Art Lives Here competition and the 2019 Exhibitour. Many of my works are public murals and can be found throughout the community while others are located in private residences.

Be sure to also check out these collaborative public murals in Wausau!
